PROFILE

Experienced software developer with over ten years in the industry, constantly seeking innovative solutions to everyday problems. Strong analytical thinking and collaboration skills with a passion for problem-solving. Firm believer in core design principles that make software readable, maintainable, and testable.

TECHNICAL SKILLS

Languages & Frameworks: C# (7 years), ASP.NET, .NET Core (6 years), Blazor, React, WPF, TypeScript, JavaScript, jQuery, HTML, CSS, SCSS

Architecture & Design: SOLID, Domain Driven Design, Test Driven Development, OOP, RESTful Web API, Micro Frontends, gRPC

Data: T-SQL (13 years), SSIS, Dapper, Entity Framework

Testing: xUnit, NUnit, MS Unit Testing, Test Cafe

DevOps & Tools: Docker, Kubernetes, Jenkins, Octopus, Azure DevOps, GitHub, BitBucket, RoundhouseE, Swagger

EXPERIENCE

Senior C# Full Stack Software Developer

Relex Solutions | October 2021 -- Present | Stoke-on-Trent (Remote)

Working on large-scale projects used by companies such as M&S, WHSmith, and Lidl for store floor planning.

- Improved existing API project by decoupling tightly coupled code into testable, exchangeable services
- Created comprehensive unit tests to ensure high code coverage
- Designed and developed new endpoints and underlying services
- Built micro-frontend services in TypeScript and React to replace on-premise desktop solutions

Senior Software Developer

Redfish Systems | January 2021 -- October 2021 | Kettering (Part Remote)

Led a project built using Onion Architecture (Clean Architecture) in C# .NET Core.

- Architected a system responsible for customer gain and loss operations for energy suppliers
- Built an interchange between CRM systems and external API (DCC) with status tracking
- Implemented loosely coupled layers with Dependency Injection using xUnit for unit and integration testing
- Used Dapper as a mini-ORM and RoundhouseE for automated database deployment

Software Developer

Nimbus Property | April 2019 -- November 2020 | Warwick

Maintained front-end and back-end of the highly successful Nimbus Maps web application built with C# .NET 4.6.

- Implemented new UI designs and features using HTML, CSS, jQuery, JavaScript, and Bootstrap
- Introduced SCSS and object orientation to the front-end codebase
- Improved application load time performance
- Migrated map layers from Fusion Tables to WMS tiling system, simplifying layer management

- Established foundations for database continuous delivery using RoundhouseE

Systems Developer

Oxygen Finance Ltd | May 2018 -- April 2019 | Birmingham

Responsible for back-end solutions for large-scale financial systems used in the public sector.

- Developed solutions built on .NET Core 2.1, Entity Framework, RabbitMQ, and Unity Dependency Injection
- Created and maintained highly efficient data pipelines
- Developed unit and integration tests using MS Unit Testing

Database Developer

FPS Distribution Ltd | February 2016 -- May 2018 | Stratford-upon-Avon

- Designed and developed MS Access projects with Azure SQL back-end for business monitoring and reporting
- Re-engineered existing Access projects into Access front-end & Azure SQL back-end solutions
- Improved UI/UX across current and new Access projects

Finance Assistant

NHS Arden CSU | December 2013 -- February 2016 | Warwick

- Designed and developed Access projects to improve financial team performance
- Replaced existing Excel-based solutions with more efficient tooling

BI Data Technician

Codemasters | June 2013 -- September 2013 | Warwick

- Analysed the mobile games market as part of a dedicated data team
- Collected and processed large datasets to create streamlined reports for the development team

Accounts & Logistics Administrator

A1 Fruit Ltd | January 2010 -- June 2013 | Leamington Spa

Order Picker & VNA Forklift Operator

EMI Distribution | September 2006 -- April 2009 | Leamington Spa

EDUCATION

AAT Accounts Technician Level 3 Coventry City College | October 2010 -- April 2013 | Coventry

Book-keeping & Accounts Level 1 Warwickshire College | 2009 | Warwick

Motor Vehicle Technician Vocational Secondary School | 1993 -- 1997 | Wodzislaw Slaski, Poland
